We Will Get Our Coast Road

That was a great meeting in Sacramento last week.

It means that California is about to take a great forward step.

A State election will be held soon to authorize the issuance of \$40,000,000 in bonds to complete highways under construction and to build new roads.

For the Carmel-San Simeon scenic and commercial highway \$1,500,000 is to be appropriated.

We of the Monterey Peninsula are grateful to the men who have put this thing over, among whom are Senator E. S. Rigdon, Assemblyman W. J. Martin and Supervisor J. L. D. Roberts.

The Business World

of today rests upon the the bank account. If all banks were to close up, the business of the world would be set back a hundred years.

Are you doing business as other progressive men are? If you have not a bank account you are behind the age. Better open one at once.

Rev. F. W. Clappett and family are occupying their cottage here for a short time. Only a few weeks back from France, where he was chaplain of the Grizzlies, Dr. Clappett is here for repose and a change of scene.

A cablegram announcing the death of Miss M. Pearl Gutchard, at Honolulu on March 9, was received at the family home last Monday. While teaching at the Lucia school down the coast, Miss Gutchard occasionally visited her sister here.

St. Anne's Guild elected the following officers last Thursday afternoon: President, Mrs. Clara R. McCollum; vice president, Miss Etta Tilton; secretary-treasurer, Mrs. W. L. Overstreet. From 8 to 8 next Tuesday afternoon a tea is to be given at the rectory. All are invited.

The Babcock family are now residents of Vacaville, where the climate is conducive to better health for Mrs. Babcock. Their property here is on the market.

Rev. Vladimir Sakovich came down from the city last week to join his family here. They are charmed with Carmel.

Mr. and Mrs. John Kenneth Turner, who have been in San Francisco several weeks, left on Saturday last for New York.

The well known New York artist, Gregory McLoughlin, is the guest here of Mr. and Mrs. Potter, also of New York, who have the Kellogg house. Mr. Potter is also a painter.

The rainfall in Carmel for the season, from September 12 to Mar. 17 has reached a total of 19.78 inches. For the same period last year the fall was 8.62.

Electric Globes and Shades at Holman's.

Young Philip Wilson is on his way home. A telegram received a few days ago announces his arrival at Camp Merritt, New Jersey.

Gus Wolter of Carmel Valley, who has been stationed in England for about a year with American Expeditionary Force, is home. He's a mighty husky "doughboy."

Rev. E. Bayard Smith and his daughter, Miss Stryker Smith, who have been here several months, are just now touring southern California. They will return here after Easter.

Captain George E. Tanney, ordnance department U. S. A. nephew of Mrs. P. W. Search, was here for a visit last week. Before sailing for Manila on Saturday he was married to Miss M. F. Bradford of Springfield, Mass.

Mr. and Mrs. Miles Kirk are Carmel sojourners. Mrs. Kirk, before her marriage, was Alma Scott, and spent many summers here in the family cottage.

Ernest Meadows of Carmel Valley is in Germany with the Army of Occupation. He writes his mother, Mrs. A. G. Northrup, that he expects to reach home early in the fall.

Otto Roschling, now an employee of the Southern Pacific Company, is here for a brief vacation, and a visit with his son, Eugene.

Alexander Loggia has returned from India, arriving in San Francisco last week. He is visiting his sister here.

Electric Wiring Supplies at Holman's.

It will be some time before Mr. and Mrs. Calvie H. Luther return to Carmel. They are now in Pasadena. From there they will go to New York, and then to the Canadian Rockies.

Prof. and Mrs. H. H. Bawden left on Sunday for their new home at San Ysidro, San Diego county.

The wives of the members of the members of the Manzanita Club had charge of the delightful little social affair held last Saturday evening at the clubroom.

Say it was in the Pine Cone.

Plans Submitted for School Changes

School Superintendent Schultzberg has submitted a proposal to reconstruct the school system on the Monterey Peninsula.

Amongst other things, the plan involves the consolidation of the Pacific Grove and Monterey high schools, the building of a new structure in New Monterey, and the addition to the present four-year high school work of two years of university work.

It will be a Junior College. The buildings now used for high schools would become grammar schools or manual training and domestic science institutions.

Those in favor of the scheme say that it will save money, that it will reduce taxes, that it will keep grammar school children at school two years longer, that high school pupils intending to take university work will be home two years longer, that it will attract families to the peninsula to live.

PERSHING PINS HERO MEDAL ON CHINESE YOUTH

Sing Kee Sticks to His Post Under Heavy Fire.

Here is a text book in Americanism written in Chinese character and translated for use on the day next month when a Liberty Loan salesman tackles you to do your duty. It is an official American communique:

"Pvt. Sing Kee, Infantry, Chung Kee, father, 404 North Fourth street, San Jose, Calif. For extraordinary heroism in action at Mont Notre Dame, west of Fismes, France, August 14, 15, 1918. Pvt. Kee, although seriously gassed during shelling by high explosive and gas shells, refused to be evacuated, and continued, practically single-handed, by his own initiative to operate the regimental message center relay station at Mont Notre Dame. Throughout the critical period Pvt. Kee showed extraordinary heroism, high courage, and persistent devotion to duty and totally disregarded all personal danger. By his determination he materially aided his regimental commander in communicating with the front line."

Sing Kee wears the Distinguished Service Medal of the United States of America.

Sing Kee is for America—for her enough to lay down his life. Are you for America? Are you as good a man as Sing Kee?

Then buy of the Victory Liberty Loan to the limit.

BOLSHEVISM—ITS CURE

President Wilson has asked for food to stop the wave of Bolshevism rolling westward out of Russia. No intelligent person doubts the value of food as a first aid, but at bottom the security of our institutions rests upon the working interest the people take in those institutions.

Citizens having no interest in a government, no economic interest in the success of that government, are apt to be the first victims of vicious propaganda or unbalanced political theorists. On the other hand men and women who have invested in the government either by way of conducting private enterprise under its protection, or through direct purchase of government securities have something at stake and desire to maintain stable institutions. Such persons are not necessarily reactionists. They may be quite progressive and anxious for reform where reform is needed.

Consequently the effective barrier to Bolshevism in America today is thrift and investment. The philosophy must reach into the workshops of the nation, it is reaching into those workshops and into the schoolhouses of the nation in the form of the Thrift Stamp and the War Savings Stamp, interest paying engagements of the United States government which can be bought for as low as 25 cents.

When everybody in America is buying Thrift and War Savings Stamps as a habit, one won't hear much about the I. W. W. in America.

It is the financial and patriotic duty of every American who loves real liberty to get the Thrift Stamp habit NOW.

Oriental Invasion

A big black motor truck rolled into Carmel on Saturday afternoon, carrying nineteen Chinese youths, ranging in age from eighteen to twenty-two years.

The boys are members of the Kgeon-ye Club, an athletic organization of the Congregational and Baptist churches of Oakland. They brought food and bedding, and old Sing helped to make them comfortable overnight.

This was the club's annual week-end outing. They went to come back to play basket-ball games against the Pacific Grove and Monterey high school teams.

WEEKLY GREETING

We have got a much-wanted principle, a principle of authority, to counteract the tendency to anarchy which seems to be threatening us. —Matthew Arnold in "Culture and Anarchy" (1869).

SAVING AND COMFORT

Higher rates of wages paid during the war have opened to workers the choice of various new standards of action—they cannot all be called standards of "living."

The near-sighted have used their unusual wages to indulge in all sorts of extravagances which gave little real satisfaction and contributed nothing to permanent family stability. Where they are not harming themselves, they are cultivating tastes which they cannot hope permanently to gratify.

Others, the far-sighted ones, have used their increase in wages to improve their comfort up to the full efficiency point for themselves and their families, and are thinking carefully before they spend their surplus.

Many are investing wisely in homes or working other well-considered investment-purchases.

The wisest of all are putting a large share of their earnings into War Savings Stamps or savings banks to provide for necessities that may arise, and particularly to establish a "rainy day" fund that will enable them to meet more comfortably any changes in business or employment that may result from post-armistice conditions. And they will invest in the Victory Loan next month.

These far-sighted people have taken the war, and its unusual opportunities for earning, very seriously; just as they did not expect the war to last always, they have not banked on war conditions in employment enduring indefinitely. They are ready for the future. If wages keep up, they are still so much ahead of the game.

Something From Every Home

Clothing, cast off clothing, for men, women and children, is badly needed in devastated Europe.

Hoover says so. The Red Cross has inaugurated a drive through out the country. The local chapter is cooperating.

Underwear, suits of clothes, bedding, socks—everything—is desired for shipment.

Make up your bundle at once. Then drop a card to Dr. C. A. McCullum, saying when to call; and the bundle will be taken to headquarters.
